ACQUISITION,
TECHNOLOGY
AND LOGISTICS

Ms. Lani Hay
President and CEO
Lanmark Technology, Inc.
10560 Main Street
Suite LL-10A
Fairfax, VA 22030

Dear Ms. Hay:

The Department of Defense is pleased to notify you that your company has been selected to receive an Inaugural Service-Disabled Veteran-Owned Small Business Achievement Award. Out of numerous nominations, the most exceptional companies owned by service-disabled veterans were selected. Your company will be formally recognized at the Pentagon on November 5, 2007 in a ceremony that bestows a plaque and a shadow box containing a coin specially minted for the "Service-Disabled Veteran-Owned Small Business." On behalf of the Secretary of Defense, congratulations for an honor earned and well-deserved.

The criteria for selection included your corporation's successes, based on business acumen, high-level competitiveness and rapid growth. Additional criteria included your firm's corporate culture as it relates to employing service-disabled veterans and veterans. Value was accorded your firm's contributions to the veteran and service-disabled veteran community, such as visiting and assisting the injured veteran at the Walter Reed and Bethesda military hospitals and participating in the activities of veteran service organizations.

These inaugural awards demonstrate the ability of disabled veterans to now take the risks inherent to the organization and operation of a corporation that does business with the Department of Defense. By honoring these business leaders, we also acknowledge the sacrifices they have made while defending our nation in uniform.

Please RSVP by Monday, October 29, 2007 to OSBPConference@osd.mil. More information on the ceremony, including agenda and directions will be sent to you via email. For immediate concerns, please contact my staff at: OSBPConference@osd.mil. Please note that your Congressional representative has been invited to attend the award ceremony.

Sincerely,

Anthony Martoccia, Director
Office of Small Business Programs
