

2007 WIPP Diversity Leadership Award

Entrepreneur Award
Presented to:

Lanmark Technology, Inc

Lani Hay
President and CEO

Diversity is a core value belief, found in every great organization, which permeates its business ethos, and sets forth a standard of excellence. Diversity is appreciated and valued at leading companies, for it brings them a richness of talent, market share, thought, vision, action and innovation. Diversity is demonstrated consistently by respect for all employees, as well as customers, vendors, suppliers and associates.
