Dear Lani,

It is difficult to find the words to express my gratitude to you for your investment in the Rwandese & Afghan women. Your willingness to share with the women your experiences and wisdom has made a profound impact on their future success.

I greatly appreciate your time and preparation spent to assist with the education and leadership development of our students. The pens you gave away were very thoughtful and have encouraged the women to remember your message. Please accept this gift from IEEW with deep appreciation for your involvement.

My hope is that we continue this relationship for many years to come. I believe with your continued support and through building our team of women entrepreneurs, we will be able to offer assistance and continue educating millions of women globally.

Warm Regards,

Dr. Terry Neese
Founder, CEO/President
Institute for Economic Empowerment of Women

Lani -
you are awesome!
